A tragic tale, the poor people there.....

A very suspicious and strange tale too. 200mph winds and no rain? No warning whatsoever? Strange path of the “hurricane”?

But not a peep in the msm. Also very strange, they don’t usually miss an opportunity to pound their climate propaganda at us

Mr Berwick implies a controlled event but is too wrapped up in the dire emergency to address that now. Says that he will in a future post

Yes Pete, as you say it looks like another manipulation of the weather for population reduction purposes and kept quite as they want everyone focused the contrived war in the middle east!!
